

Declare Dr. Haley Will Not Valid

OLATHE, Kan., (AP) — Mrs. Doris Haley, 36-year-old woman charged with first degree murder in the slaying of her physician-husband, was ordered returned to jail today after her preliminary hearing.

The woman, accused of firing six shots into her husband, Dr. Jack A. Haley last July, was bound over to the present term of district court.

Because of her physical condition the woman was freed on a \$25,000 bond after her arraignment. She has been staying with her parents near Boonville, Mo.

Magistrate William S. Allen ordered her returned to jail after Hugh Kreamer, county attorney, had objected to allowing her to remain free on bond.

The hand-written will of the shooting victim was declared invalid Thursday.

Judge Herbert W. Walton held the document was invalid because it had not been signed at the end, and ordered it be rejected for probate. The physician's wife, Mrs. Doris V. Haley, and his brother, Wendell E. Haley, of Denver were listed as witnesses on the notebook paper will dated Feb. 8, 1962. The value of the estate was placed at \$70,000.

Dr. Haley was shot six times in his Prairie Village, Kan., home July 17.

Maj. Susan S. Timberlake, commandant, also spoke congratulating the candidates and advising them regarding the responsibilities of their positions.

The 24 cadet officer candidates individually received congratulations from President Marston and were presented rank insignia by Capt. R. H. Johnson and Capt. R. R. Rasmussen, assistant PMS's, as Maj. Purcell announced the names.

Maj. Purcell announced that the permanent order of rank and duty assignments will be issued in about a month.

Registration of new cadets is being conducted at Kemper today as the school embarks upon its 120th year. Returning cadets will be registered tomorrow. The enrollment of some 450 is one of the school's largest since World War II.

Official opening ceremonies will be conducted Sunday evening in the school auditorium with President Marston presenting the address.
